COLUMBIA'S SPRING GAMES.

A BRILLIANT OPENING OF THE SEA-SON'S COLLEGE ATHELTICS.

MOSENTHAL WINS THE MILE RUN BY BARELY A FOOT-EDGREN. OF LOS ANGELES, FAILS

AT PUTTING THE SHOT. Under the most Yavorable conditions the open spring games of Columbia University Union were held at Columbia Oval, Williamsbridge, yesterday afternoon. The meeting was not only the first big athletic meeting of the season, but the first of the kind that has taken place at Columbia Oval for several years. The grounds were in good order, the weather was ideal for field sports, and in nearly all of the contests there was a large number of contestants. College men and those interested in athletics turned out in large numbers to witness the struggle for the honors. In the grandstand were many women to cheer their favorites on to victory, and they were as enthusiastic as their male es-

Most of the contests were bitterly fought from start to finish. The collections were first in all of the principal races. Owing to the dual contest between Harvard and the University of Pennsylvania at Cambridge yesterday, none of the athletes from either of those colleges were entered in any of the series. Several centestants came within a few secends of breaking records, and the perfermance of the collegians, particularly in the mile and halfmile runs, was creditable in the extreme.

C. C. N. Y. ATHLETES COMPETE. NEIDLINGER, '98, LOWERS THE INTERCOLLEGIATE RECORD FOR THE TWO-MILE

BICYCLE RACE. The friends of the athletes of the College of the City of New-York gathered in force at Berkeley Oval yesterday afternoon to witness the twentythird annual games of the college athletic association, and they were amply repaid for their journey. The attendance was larger than that at any of the previous games, and the sport was also much better, as a number of the college's records were broken, and also the intercollegiate record, were broken, and also the intercollegiate record, in the two-mile bicycle race. This race was won by C. R. Neidlinger, '28, who lowered the college record by nearly thirty seconds and beat the intercollegiate record by one and four-fifths seconds. He made the two miles over the cinder track in the minutes and thirtness and the records. five minutes and thirteen and one-fifth seconds, a remarkably fine performance for such a young amateur. The college boys had been considerably worried over the blcycle race because they had failed to receive an official sanction for holding it failed to receive an official sanction for holding it from the League of American Wheelmen. It was not their fault, however, as they had applied for the sanction through Will R. Pitman, the representative in this district of the State Racing Board of the League, and he forwarded the application to Chairman Waite, of the State Racing Board, at Cohoes. By some unaccountable delay the sanction was not received from Mr. Waite in time. Mr. Pitman assured the college committee yesterday that it would be all right, and the record made in the race will probably stand.

Another creditable performance yesterday was the lowering of the record in the 839-yard run by C. F. Jellinghaus, '97. He was scratch man, and he did the distance in two minutes four and four-fifths seconds. This beat his own previous college record, made last year, by three seconds.

The officials were James H. O'Brien, referee; H. E. Lippincott, L. Hunt, A. E. Meade and J. A. E. Lippincott, L. Hunt, A. E. Meade and J. A. E. Lippincott, L. Hunt, A. E. Meade and J. A. Galichenstein, field judges; A. Harvey, statter; William G. McGuckin, clerk of course.

HARVARD'S ON A FOUL.

ANNUAL ATHLETIC GAMES WITH THE UNIVERSITY OF PENNSYLVANIA.

TOTAL OF 56 POINTS EACH CHANGED BY HAR-

VARD'S PROTEST-FINAL SCORE, 57 TO 55. Cembridge, Mass., May 8.—Pennsylvania and Harvard met this afternoon on Holmes Field in

their annual athletic games, each team scoring a

total of 56 points. In the half-mile run, however, it was claimed by Harvard that Orton, who finished in second place, fouled Fenno, the Harvard runner. It was claimed that Orton had cut in on Fenno and taken the pole away from him by shoving him out. Captain Vin-cent of the Harvard team, Orton, Fenno, Inspectors Burke and Lowell, who saw the foul, and the ref-erce, Curtis, met at the Boston A. A. this evening. After a protracted meeting, lasting five hours, it was decided at a late hour to-night to allow the protest entered by Harvard. This gives the games to Harvard by a score of 57 to 55 points, Fenno being allowed third place in the half-mile, and Lane,

of Pennsylvania, second place. The early contests seemed to give Harvard a sure victory, but the Crimson's hopes were soon blighted, and as the shot-put, the last event on the programme, was being contested the visitors were congratulating themselves on a clean victory over the Crimson. Indeed, half of the spectate s had left, believing that the Red and Blue had triumphed, when Ellery Clark, on his last trial, made the put which seemed to save the day for the crimson. No more interesting or exciting dual games were ever run off than those of to-day. With the fairest

ter and in the high hurd'es, while they were shut out by the Quakers in the mile only. Harvard scored six firsts, nine seconds and eight thirds, to Pennsylvania's eight firsts, five seconds and six

different story. McKibbin and Remington, of Pennsylvania, and Morse and Warren, of Harvard, qualified for the final heat. It was a hard, fast race, Morse winning by a bare margin over McKibbin, and Remington taking third place. On one of his last hurdles Warren tripped and fell, and thereby lost a sure third and possibly a second prize for Harvard.

The quarter-mile was a Waterloo for Pennsylvania, Hollister and Vincent finished first and second, respectively, without much trouble, but it was neck and neck between Fish and Williams, of Pennsylvania, for third place. Just at the finish Fish forged to the front and vanquished his rival by half a yard.

The 220-yard dash was a terrific one, Hoffman and Hillary, of Pennsylvania, and Denholme and Hillary close behind. Hoffman won out by a small margin, leaving the other two places to Harvard.

More than average marks were made in all the field events. Winsor, of Pennsylvania, developed unexpected provess in the high jump, and took first place with the splendid jump of 6 feet 25 inches. The other two places went to Harvard.

The visitors had things pretty much their own way in the hammer-throwing, and J. P. Remington, by clearing 22 feet 8 inches, took first place in the broad jump. Summaries:

His body struck the ground only a few feet from a party of children who were gathered around little Mary Handy ready to crown her. "Queen of the May." The children fled terror-stricken from the yard, and neighbors carried the body of the boy to the room of his mother, who was almost crazed with grief.

THE PORT ORCHARD DOCK ALL RIGHT. San Francisco, May 8.—Commander W. H. Whiting, U. S. N., who is in command of the Port Orchard dock, arrived from the north yesterday with his wife and child. When seen last night Com-mander Whiting declared the story recently published concerning the rumored sinking of the dry-dock under the weight of the battle-ship Oregon to be entirely unfounded. Levels run after the ship had been docked showed, he said, that the dock had sunk about an inch and a half, but this was no more than might be expected from the elasticity of the timbers.

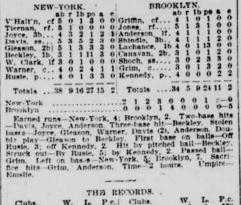

Stimulate the Sluggish Kidneys.

In addition to its tonic and cathartic properties, Hostetter's Stomach Bitters exercises a beneficial influence stimulating them to renewed exertion, thus reopening, as it were, a slutce for the escape of impurities whose regular channel of exit is the organs of urination. Among these are certain abnormal and inflammatory elements. productive of irreparable injury to the system if not entirely expelled. The kidneys and bladder themselves are also benefited by this stimulus, as their inactivity is usually a preliminary to their disease and disorganization. They also experience, in common with other portions of the system, the potent invigorative effects of the Bitters, which furthermore corrects disordered conditions of the stomach, bowels and liver.

BASKET-BALL AT VASSAR.

Poughkeepsie, May 8 (Special).-The second match games in basket-ball were played on the Vassar College oval this afternoon. The first game called was between '98 and '99. The former had by far the most supporters, and her praises were sung during the entire game, which was a long one, for

the teams were remarkably well matched, and three innings were played without either side making a point. However, during the fourth inning '98 scored one point, and so won the game. The second match was between '97 and '00. This game was also hard fought, but in the end the seniors scored one, thus completing the second vic-tory for the day. HOLDS WORLD'S RECORD.

Champion Watson Recommends Paine's

Professional Athletes Find This Remedy Invaluable in the Spring.

Brings Fresh Blood and Regulates the Whole Nervous System.

It is useless to attempt to compare any other remedy with Paine's celery compound. Paine's celery compound is another sort of thing entirely from any substitute that was ever

handed over a counter.

It puts fresh blood into the shrunken veins, regulates the expenditure of nervous energy, and positively cures general nervous debility and such specific nervous disorders as neuralgia, sleeplessness, melancholla, hysteria, headaches,

lassitude-in a word, Paine's celery compound is able to soundly build up the nervous system and make it healthy and active.

Among the testimonials received last month by the proprietors of Paine's celery compound was the following:

Boston, Feb. 8, 1897.

Gentlemen—The strongest of athletes some times feels languid and drawn out. I have often found myself feeling so, more especially in the spring before the outdoor season begins. I have tried many things, but have found nothin, that does me so much good as Paine's celer; compound. I say this with much pleasure. Respectfully yours,

Mr. Watson is the world's professional champion jumper and pole vaulter. He defeated Tori. Burroughs and others at the world's fair in Chicago.

Burroughs and others at the world's fair in Chicago.

Not long ago Hjertherg, the champion steeple-chaser, wrote to Wells, Richardson & Company that Paine's celery compound had been of great benefit to him, and said that he wished to recommend the remedy to others.

John Graham, of the Boston Athletic Association, who took the victorious American team to Athens: James Michael, the champion l. ng distance bleyclist, and George Wright, of Wright & Ditson, are among those who have recently indorsed this best of all spring remedies. Adviction such men is worth following in a matter of health and strength.

THAT LONG ISLAND CITY FIGHT.

A RUMOP THAT IT WILL BE AIRED REFORE THE GRAND JURY.

The one subject discussed in Long Island City yesterday was the fight which occurred at the meeting of the Common Council on Friday night. In the disturbance such choice epithets as "llar,"
"cur," "monkey," "tool," etc., were hurled by one Alderman at another. When the meeting was over Mayor P. J. Gleason had received a cut cheek, alleged to have been caused by a blow from the fist of John P. Madden, the leader of the Jefferson Democrats, and who was beaten for Mayor by Gleason. Madden was cornered by the Mayor's Gleason. Madden was cornered by the Mayor's friends and received a biackended eye and a discolored face, not to mention numerous kicks. The Rev. Charles Park, of the Astoria Presbyterian Church, was openly accused by Mayor Gleason at the meeting of preventing a boxing match in Long Island City several months ago because a man sent to the manager of the proposed contest did not get \$1,000, which, the Mayor said, was to go to the minister. minister.

There are rumors that the fight will be aired before the Grand Jury.
